The Coral - Lover undiscovered (2021)

Como dije a principios de este año, The Coral, el grupo inglés de Hoylake, en la península de Wirral cerca de Liverpool, editarán el 30 de abril su nuevo disco doble que lleva por título Coral Island, tres años después de Move through the dawn. Cinco años hace de su vuelta con aquel Distance inbetween, y la verdad es que la banda ha vuelto a subir el nivel y de qué manera. Una formación con una base firme en cuanto a referentes, esos Beatles del 66, los americanos Byrds, y algo de psicodelia bien ensabada, que les confiere un estilo propio realmente atractivo, por lo menos para un servidor, con esas precisas armonías vocales. James Skelly sigue siendo el líder a la voz y guitarra, Paul Duffy está al bajo y coros, Paul Malloy toca guitarra, Nick Power otra guitarra y hace coros e Ian Skelly toca batería. El primer adelanto fue Faceless angel, un precioso medio tiempo en el que siguen inalteradas sus coordenadas fundamentales. Ahora tenemos Lover undiscovered, un medio tiempo que se sale de su estilo habitual aunque siguen siendo identificables, una muy buena melodía que me tiene atrapado.

THE CORAL's seaside soul single 'Lover Undiscovered' - OUT NOW

Cutting the sweet, major-chord optimism of spring with the frayed pages of might-have-been memory, *Lover Undiscovered* becomes the second single from The Coral's upcoming TENTH studio album, *Coral Island*. The track is the latest to emerge from the band's first ever double album, painting soulful, sugar-spun pictures of sunnier days after the shadow-cast, ghost train rattle and roll of January's *Faceless Angel*.

The Parrots Share New Track "Maldito (feat. C. Tangana)"

While music fans may be counting down the minutes until the primitive transcendence of their boundless (and joyously sweaty) live sets transfix clubs yet again, Madrid duo The Parrots have hardly been idling. In fact, they are poised for a triumphant return with a brilliant new track and playfully-cinematic video. "Maldito" proves an evolutionary step for the band that finds them sounding stronger and more realized than ever and also forging a compelling collaboration with internationally renowned Spanish urbano phenomenon C. Tangana (allegedly, the biggest act to come out from Spain since Rosalía).

The Coral pubblicano un nuovo single “Lover Undiscovered”.

© 18 Marzo 2021

La band Inglese ha condiviso il nuovissimo singolo “Lover Undiscovered”.

Dopo “Faceless Angel” e “The Great Muriarty” (al quale ha partecipato anche il nonno di James e Ian Skelly), “Lover Undiscovered” è l'ultimo assaggio del decimo album “*Coral Island*”, un disco ispirato a ricordi d'infanzia passati al mare.

“Ho avuto l'accordo per ‘Lover Undiscovered’ per anni, ma non sono mai riuscito a finire la canzone. Quella prima riga, ‘*She wakes up*’, è come l'isola che si sveglia. Vuole essere l'inizio di qualcosa: un'amante da scoprire. Quando hai questi momenti, non sentirti in colpa per loro.

“Se hai un momento, apprezzalo, non devi andare a dirlo al mondo
